AnMed Health offers reduced wait-times at urgent care locations

(Anderson, S.C. – May 14, 2018) – When you are sick and walk into an urgent care clinic, you don't want to spend a long time waiting to see a medical expert. AnMed Health is working to cut wait-times at CareConnect, its urgent care locations at 600 North Fant Street, Anderson, S.C. and 885 Tiger Boulevard/U.S. Hwy 123 Clemson, S.C.

AnMed Health is offering patients the option of electronically reserving a spot in line at its urgent care clinics, which means less time in the waiting room, lower germ risks and more time at home, work or school. Patients will be notified by text on their mobile phone or tablet if their reservation time changes due to unforeseen circumstances.

The new service allows patients to treat an urgent care visit the same way they treat checking in for an airline reservation or ordering food online at a restaurant.

CareConnect offers high-quality care that's convenient and affordable. From sprains, strains and broken bones to colds and the flu, our team of experienced physicians is ready to care for individuals when minor illness or injury strikes.
