Have you previously hosted mobile mammography (AnMed Health or other healthcare system)?  Yes  No

If yes, how many patients participated? \_\_\_\_\_ Date of the most recent screening? \_\_\_\_\_

**Accommodation requirements:**

- The mobile mammography bus is 43 feet long and requires a flat surface and about 10-12 parking spaces.
- Parking site should not have low tree branches.
- Restroom facilities close to the parking location must be available for patients and staff.
- In the case of inclement weather, the Mobile Mammography Bus will follow Anderson County School District 5 closing schedule.

**Patient information:**

- Patients must be ambulatory and able to maneuver 4 to 6 steps into the bus.
- Screenings provided to insured patients will be billed to the individual's insurance company.
- Patients do not require a physician order; patients may self-refer. However, patients must provide their physician's name to send their report post-procedure.
- Patients' previous mammogram must be no earlier than 1 year prior to the mammogram that we perform. Insurance will not cover any exam done less than 1 year old.
- Reports will be available to patients on the MyChart patient portal, and will be mailed to the patient and physician within 7 to 14 business days.
