### **New patients have multiple options for primary care**

*(Anderson, S.C. – Aug. 26, 2020)* – If you are new to Anderson County or have not yet chosen a primary care provider for you and your family, AnMed Health has several options for you.

For assistance in finding a primary care provider, you can call Wellness Connect at 864.512.3748, or visit [AnMedHealth.org/Doctors](https://AnMedHealth.org/Doctors) to find a location nearest your home, work, school, church or any place that you visit regularly. Oftentimes, patients choose a primary care practice that is closest to their home, while other practices near your workplace, or elsewhere, could provide you a more convenient and timely option, including extended office hours.

While all of our primary care practices are accepting new patients, these locations may be able to accommodate your needs quicker:

- Carolina Kids
- Hartwell Family Medicine
- Honea Path Family Medicine
- Iva Family Medicine
- Williamston Family Medicine
- Wren Family Medicine

AnMed Health also offers a convenient E-Visit option that allows you to receive a consultation and a care plan for over a dozen conditions online, for just \$20 per visit. Responses generally will be provided within four hours or less during operating hours, which are 7 a.m. to 7 p.m., seven days a week. For after-hours requests, we'll respond the next morning. Learn more at [AnMedHealth.org/E-Visits](https://AnMedHealth.org/E-Visits).

All AnMed Health facilities continue to take appropriate COVID-19 precautions. For your health's sake, please don't delay when you need to seek care. Learn more at [AnMedHealth.org/Covid-19-Safety](https://AnMedHealth.org/Covid-19-Safety).
