**AnMed Health to offer COVID-19 screening to enter Medical Center
and drive-through testing at the North Campus**

(Anderson, S.C. – March. 17, 2020) - In an effort to protect patients and staff, AnMed Health will conduct screening (not testing) for COVID-19 outside the entrance of the Emergency Department (ED) and potentially other entrances at the Medical Center located at 800 N. Fant Street in Anderson, beginning Wednesday, March 18. This will allow us to screen visitors and identify any patients needing testing or treatment prior to their exposing staff or providers.

Also, beginning Wednesday, March 18, we will offer physician-ordered COVID-19 drive-through testing at the entrance of the D.K Oglesby Center which is located near the flag poles at the North Campus, 2000 East Greenville Street in Anderson. The testing at the North Campus will be **only for at-risk, symptomatic patients who have physician-ordered testing which has been scheduled by your ordering physician.** No testing will be provided without screening by your physician, or without an order. Hours are currently planned for 9 a.m. to noon, Monday-Friday.
