AnMed Health requires face coverings for appointments or procedures

(Anderson, S.C. – April 23, 2020) – Beginning next week, AnMed Health will require all patients arriving for appointments or procedures to wear a face-covering. This policy applies to patients arriving at all hospital campuses, emergency rooms, outpatient facilities and physician practices. Those who do not have a mask may use an alternative such as a bandana, scarf or sports buff.

For the safety of patients and staff, AnMed Health's visitor restrictions remain unchanged and in place at all AnMed Health locations. As businesses in our community begin to reopen, AnMed Health encourages residents to continue wearing face coverings whenever in public and to continue practicing social distancing and good hand hygiene.
