### **AnMed Health offers a way to feel better fast**

*(Anderson, S.C. – Nov. 12, 2018)* – AnMed Health is making medical care convenient wherever you are and whenever you need it. We are now offering E-Visits. Adults can receive a diagnosis and treatment plan right in their inbox. All they need to do is go to [anmedhealth.org/E-Visits](http://anmedhealth.org/E-Visits) and either sign into their MyChart account or first-time users can create an account.

An E-Visit allows you to connect online with an AnMed Health provider for quick and easy diagnosis of common, minor health concerns that may not necessarily require an office visit. You can use E-Visits for a wide range of issues including:

- Back Pain
- Cough
- Diarrhea
- Headache
- Heartburn
- Red Eye
- Sinus Problems
- Urinary Problems
- Vaginal Discharge/Irritation

An E-Visit costs only \$20 and is payable by credit card or a health savings plan (HSP). E-Visits are for patients 18 and older.

Most responses will be provided within four hours, from 7 a.m. – 7 p.m., seven days a week. A response to an after-hours request will be provided the next morning. For life-threatening illness or injury, call 911 immediately. E-Visits should not be used for emergencies. To learn more about E-Visits, visit [www.anmedhealth.org/E-Visits](http://www.anmedhealth.org/E-Visits).
